Commercial Products

StockMate™

Restocking Trucks

Finally, a versatile productivity system to transport cartons, stock shelves, manage cardboard, and address aisle safety.

www.rubbermaidcommercial.com

Rubbermaid's StockMate™ Restocking Trucks—Stocking Shelves is NOW Efficient and Safe.

Traditional metal "u-boats."

Nothing makes a store less inviting and potentially hazardous than the mess and confusion of stocking shelves with traditional, rusted "u-boats". Boxes piled perilously in the aisles generate an obstacle, preventing customers' easy access to merchandise and creating a potential "slip and fall" hazard. StockMate™ Restocking Trucks provide:

Versatility

- Hinged, folding deck enables quick conversion to smaller truck.
- Optional wire shelves maximize capacity for smaller boxes.
- Optional garment bar offers ability to stock display racks.
- Convenient work surface holds small tools.

Productivity

- Holds up to 1,800 lbs. (816.5 kg).
- Dry Erase Placard allows clear identification of each truckload.
- Dent-, chip-, and rust-proof construction.

Cardboard & Refuse Management

- Keeps empty boxes off the floor and away from aisle traffic.
- Organizes empty boxes for recycling.
- Integrated holders for Rubbermaid® Refuse Bins, Utility Bins and Slim Jim™ Containers.

Safety & Ergonomics

- Bright yellow uprights for high visibility.
- Ergonomic height work surface.
- Ergonomic push-pull handle.
- Integrated holders for Rubbermaid® Floor Signs, Pop-Up Safety Cones, and Over-the-Spill™ Pad Tablets.

Innovative Design

- Duramold® Structural Foam plastic deck.
- Diamond plate design to reduce load slippage.
- Liquid retention channel collects condensation and container leaks.
- Quick change, non-marking casters.

Available Garment Bar

Folding ES version for smaller jobs and convenient storage.

Convenient tool storage area on work surface.

Molded-in diamond plate deck to reduce load slippage.

Stockmate™ Restocking Trucks... The First Comprehensive System for the Stocking Process.

Storage

Hinged deck design on Stockmate™ ES version shortens platform size by 35% to reduce storage space requirements.

Loading/Staging

Up to 1,800 lbs. (816.5 kg) capacity. Dry Erase Placard allows clear identification of load contents or aisle destination.

Transporting/Maneuvering

Ergonomic push/pull handle allows for easy maneuvering.

Stocking

Work surface with storage compartment provides a safe and convenient area to open cartons, stock shelves and store small tools.

Recycling

BoxMate™ Cardboard Management System and Refuse Containers enable presorting for efficient recycling and disposal of collected materials.

StockMate™
Restocking Trucks

9T50

Cardboard Management/Waste Collection

Broken-down cartons are quickly and safely stowed in the adjustable BoxMate™ Cardboard Management System.

Available refuse container options may be attached to collect other waste materials for disposal.

Versatility

StockMate™ ES Restocking Truck "hinging deck" design creates a shorter truck for smaller stocking needs. Optional wire shelves and garment bar add functionality.

Safety

Available safety product options alert customers to potential "slip and fall" hazards.

StockMate™ Restocking Truck Accessories

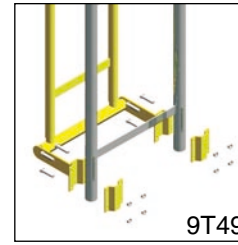

BoxMate™ Cardboard Management System
 3-Position mechanism adjusts to accommodate a variety of carton sizes and volumes off of the floor and ready for disposal.

Retrofit BoxMate™ Cardboard Management System
 Spring-loaded system attaches to most standard "u-boats" to keep empty cartons off the floor and ready for disposal.

Identification Placard
 Dry erase placard with Expo 2™ Dry Erase Marker allows for load identification or aisle destination. Custom imprinting for advertising available.

Retrofit BoxMate™ Cardboard Management System (Attachment View)

Wire Shelf
 Provides additional surfaces to help organize and transport smaller cartons.

Garment Bar
 Allows clothing to be easily transported and transferred to display racks.

Optional Refuse Containers and Safety Accessories

Refuse Bin
 Sleek design with 8-gallon capacity. Molded-in handles allow for easy lifting and dumping.

Floor Signs
 Folded two-sided design for use in narrow areas. "Closed" and "Caution" imprinted in French, German, and Spanish.

Utility Bin
 Sleek design with 4-gallon capacity. Large opening provides easy access for storing tools and supplies.

Over-The-Spill™ Pad Tablet
 Absorbent, yellow pads are strong and coded with universal caution symbol.

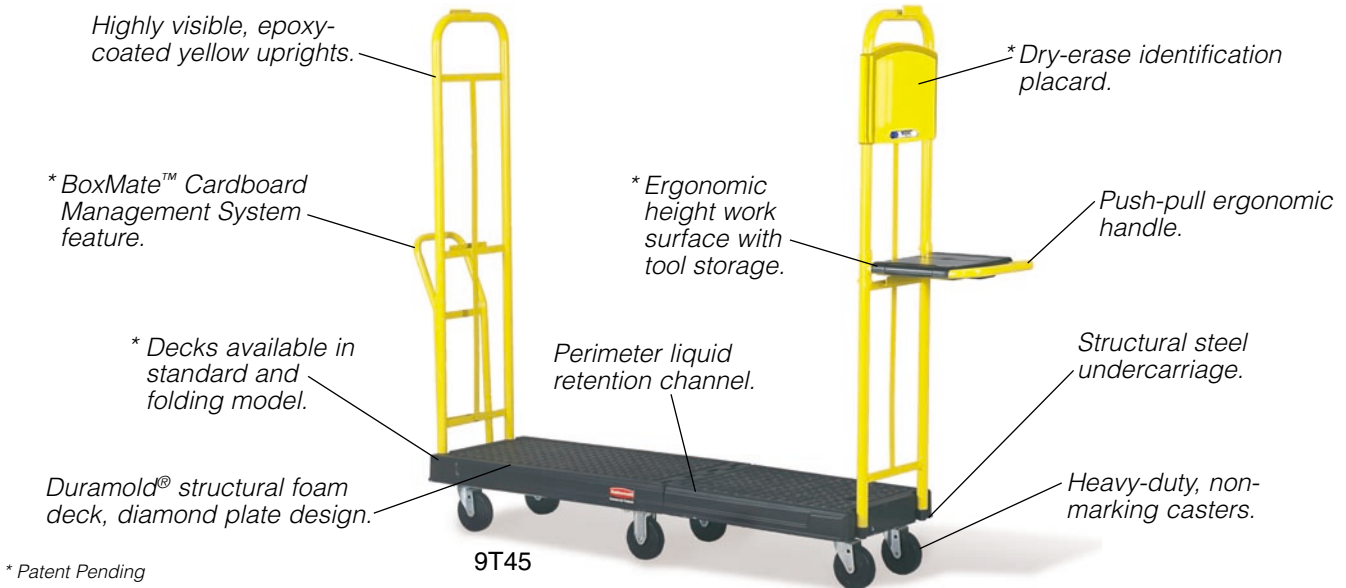

Slim Jim® Waste Container
 Sleek design available in 15- and 23-gallon capacities. Fits in tight spaces. Durable plastic is easy to clean and long-lasting.

Pop-Up Safety Cone
 Lightweight, versatile and easy to deploy, the Pop-Up Safety Cone provides superior hazard awareness.
