Utility Trucks

Rubbermaid® Utility Trucks take the weight of your heavy workload.

Designed for heavy loads, Rubbermaid® Utility Trucks are ideal for use in industrial, construction, food processing and laundry environments. Combine style with strength to move refuse and bulk materials with ease and efficiency.

Domed, hinged lid features stainless steel hinges and conceals loads without decreasing holding capacity.

Smooth, seamless, all-plastic interior helps reduce potential leaks and is easy to clean.

Sleek styling makes a positive appearance in public applications.

Stepped sidewall with steel reinforcement band holds heavy loads without bulging.

High-quality casters provide smooth handling and maneuverability.

Metal frame design provides long-lasting support unlike plywood frames.
